Click create account

Then: - verify

Once done, open your email Id and verify it:

Home Page:

The screenshot shows the Hugging Face Home Page. At the top, there's a navigation bar with the Hugging Face logo, a search bar, and links to Models, Datasets, Spaces, Buckets, Docs, Enterprise, and Pricing. Below the navigation bar, there's a banner for creating up to 2 ZeroGPU Spaces for free. The main content area is divided into three columns. The left column contains a sidebar with a 'New' button, a profile section for 'Pranesh6655' with links to Profile, Inbox, Settings, Billing, and Get PRO, and a 'Resources' section with links to Getting Started, Documentation, Forum, Tasks, and Learn. The middle column features a 'Following' section with a list of AI creators to follow, including stefan-it, mlabonne, and AmelieSchreiber. The right column displays a 'Trending' section with a list of popular models, including tencent/Hy3, empero-ai/Qwytos-9B-Claude-Mythos-5-1, zai-org/GLM-5.2, bottlecapai/ThinkingCap-Qwen3.6-27B, markov-ai/gaming-500-hours, LiquidAI/antidoom-mix-v1.0, and FlyRank/internship-warehouse.

Go to Settings and click Access token:

The screenshot shows the Hugging Face Settings page. At the top, there's a navigation bar with the Hugging Face logo, a search bar, and links to Models, Datasets, Spaces, Buckets, Docs, Enterprise, and Pricing. Below the navigation bar, there's a banner for creating up to 2 ZeroGPU Spaces for free. The main content area is divided into two columns. The left column contains a sidebar with a 'New' button, a profile section for 'Pranesh6655' with links to Profile, Inbox, Settings, Billing, and Get PRO, and a 'Resources' section with links to Getting Started, Documentation, Forum, Tasks, and Learn. The right column features a 'Following' section with a list of AI creators to follow, including stefan-it, mlabonne, and AmelieSchreiber. The bottom of the page displays a 'You have no Access Token' message.

Create new token:

Access Tokens

User Access Tokens

[+ Create new token](#)

Access tokens authenticate your identity to the Hugging Face Hub and allow applications to perform actions based on token permissions.

Do not share your Access Tokens with anyone; we regularly check for leaked Access Tokens and remove them immediately.

You have no Access Token

Select Read:

< **Create new Access Token**

Token type

Fine-grained **Read** Write

ⓘ This cannot be changed after token creation.

Token name

test-token

This token has read-only access to all your and your orgs resources and can make calls to Inference Providers on your behalf. It can also be used to open pull requests and comment on discussions.

Create token

Then:

Save your Access Token

×

Save your token value somewhere safe. **You will not be able to see it again after you close this modal.** If you lose it, you'll have to create a new one.
